# Riddle of mum 'morphine OD'

BY MAL TATTERSALL
editor@mk-news.co.uk

**AN ANGRY dad is demanding a top-level inquiry into whether his wife – who suffers from a rare genetic blood disorder – was given a potentially-lethal morphine overdose at Milton Keynes Hospital.**

Mini-bus driver Chris Baker suspects that management and staff may be trying to hush up either a malfunction in the sophisticated equipment designed to administer the pain-killing drug – or an error by an over-worked nurse.

And he fears that if it was a fault with the Patient-Controlled-Analgesia (PCA) machine that nearly killed mum-of-three Teresa, 46, then the lives of thousands more hospital patients could be put at risk.

Chris, 49, who lives in Santen Grove, Bletchley, has asked the Health Service Ombudsman to investigate what really happened the night he dashed to the hospital at midnight after being told 'something had gone wrong' and Teresa had been given too much morphine.

He said: "She was barely conscious when I arrived and was still very groggy a couple of hours later when I left. They told me they'd given her another drug to counter the morphine effects and she'd be okay.

"They weren't sure whether the machine had malfunctioned or whether a nurse hadn't fitted it correctly.

"If it was a nurse's mistake, then that is unfortunate – mistakes can happen everywhere. However, if it was a fault with the equipment then that is more serious.

"Patients press a button to give themselves a shot of morphine to counter pain. But there is supposed to be a lock-out device which means it can only be used every six minutes to prevent a possible overdose.

"If that safety mechanism doesn't work, then thousands of lives could potentially be in jeopardy."

Teresa suffers from Acute Intermittent Porphyria, which affects just one in 20,000 people and is believed to have afflicted King George III and Vincent van Gogh.

It causes an enzyme malfunction in the nervous system, resulting in severe abdominal and back pain, coupled with weakness in the limbs.

King George – who reigned during the 18th century when Britain lost its American colonies – is believed to have died of the condition. It is also thought to have affected Dutch painter van Gogh, who cut off his own ear.

Since November, 2010, Teresa has been admitted to Milton Keynes hospital more than 30 times – usually being kept in for at least six days.

Chris said: "She uses the PCA machine to control her pain, but is very nervous about it now after the overdose. A nurse spotted what was going on then, but next time she might not be so lucky.

"Three days after the incident, a senior nurse phoned to say Teresa hadn't been given an overdose after all and there was nothing wrong.

"But if that was the case, why did they call me in to the hospital at midnight for an emergency? And why does her Discharge Information Form say she had been given a morphine overdose?"

MK NEWS has seen a copy of that form. It states: "Morphine OD [overdose] was diagnosed and pt [patient] was started on high flow O2 and naloxone [a drug used to counter the effects of opiate overdose]."

When we put the allegations to Milton Keynes Hospital, a spokesman said: "We are investigating. We expect to complete that by Friday and will then share the report in full with Mr and Mrs Baker."

Upset: Teresa and Chris Baker

# CHANGES TO PAYE

## DON'T GET FINED, GET IT RIGHT!

**From April 2013 employers are required to send PAYE information to HMRC in real time. Every time you pay an employee at the time you pay them real time details need to be sent to HMRC.**

By providing real time information, HMRC are able to tell employers how much to pay each month. This makes it easier to pay the right amount each time and help you avoid making late payments and incurring penalties.

**To be compliant with this new system you will need to follow these rules:**

- If you run your own payroll system, you need payroll software that is ready for RTI in order to send your PAYE information to HMRC online, every time you pay an employee.
- If you are planning to send your returns yourself, you need to register for PAYE Online to get your PAYE login details.
- If you use an agent, payroll bureau or payroll service provider, you must talk to them now about the service they will provide and ensure they use RTI-ready payroll software to send your real time PAYE information.
- If you pay by BACS using your own Service User Number, you need to speak to your solution supplier or bureau.
- You need to make sure you hold accurate and up-to-date information about all your employees including name, date of birth, gender, address and valid National Insurance number.

**You need to change some of the ways you report PAYE, including:**

- Providing new information in your payroll records, such as hours worked
- Completing employee information for temporary and casual workers and employees paid below the National Insurance Lower Earnings Limit
- Letting HMRC know whenever you change a payroll ID – otherwise HMRC will treat the change as a new employment, which will result in duplicate employment and incorrect tax codes
- Letting HMRC know if you don't make any payments to employees in a month or if you need to adjust the amount you owe HMRC.

**For more information and to ensure you are compliant please contact your local accountant.**

The NSPCC said local people who take part in the event would 'support victims of physical and emotional abuse'.

# Give your views on plans for The Point

**BY JAMES AVERILL**
james.averill@mk-news.co.uk

**CONTROVERSIAL plans to redevelop one of the city's most famous landmarks will be put on display next month.**

The Point opened in Milton Keynes in 1985 and housed the country's first multiplex cinema.

MK NEWS has campaigned to 'Protect the Point' ever since we revealed it might be torn down last year.

But Hammerson, which owns the building, believes it needs to be redeveloped to meet the needs of customers, with a new shopping complex one of the key features of the new design.

**What do you think?**
**Let us know what you think to the plans by visiting our website – www.mkweb.co.uk**

The plans have been drawn up by the group's development team using feedback from a public consultation event held in May last year.

James Rowbotham, Hammerson's development manager, said: "Local people are proud of Milton Keynes' contemporary character and in order to maintain this the city must continue to evolve and change with the times.

"The feedback from last year's public consultation event indicated that 73 per cent were in favour of regenerating The Point site."

The public will be able to view and comment on the updated designs when they go on display at the MacIntyre café on the ground floor of The Point in Midsummer Boulevard.

They will be on show on Thursday, June 6 from noon to 6pm and Saturday, June 8 between 10am and 2pm.

# Hope for Hollie with new charity single

A CHARITY single has been released to raise money for an eight-year-old girl suffering from a rare condition.

Hollie Carter has N-PC, an inherited metabolic condition often referred to as the children's version of Alzheimer's. There are just 1,000 known cases globally.

To raise awareness and help find a cure, a local musician is releasing her version of Miley Cyrus' smash hit The Climb.

Holly Brewer, 18, who is a vocalist and pianist from the city, launched the single on Saturday at a charity ball.

Young Hollie and nine of her friends feature on the chorus as back-up singers.

Hollie's mother, Helen, said they chose The Climb because it 'says it all about Hollies battle with N-PC'.

# £140k windmill makeover

THE historic Bradwell Windmill will finally get the £140k refurbishment needed to keep the grade II-listed building spinning.

Milton Keynes Council's cabinet procurement committee agreed to foot the bill earlier this month.

Milton Keynes Museum director Bill Griffiths said: "Restoring this Victorian Mill to its former glory will provide a very special attraction and should help secure the future of this significant part of our local heritage. The museum is proud to be involved in a project that fits its aims so well."

The council is now seeking a specialist contractor to carry out the work, which will involve returning the windmill back to working order.

Once completed the work will deliver a protected and modernised mill able to better deliver important social and educational benefits to local communities and wider Milton Keynes.

Cabinet member responsible for heritage, Cllr Peter Geary, said: "This is an important piece of work.

"While Milton Keynes is a very modern, go-ahead city we also have pockets of real history across the borough and it is important that we preserve and improve them where possible."

# Fatal fire still 'unexplained'

**BY ANNABEL HOWARD**
editor@mk-news.co.uk

**POLICE and a team of forensic investigators are still trying to piece together what caused a fatal fire on Sunday.**

Firefighters were called to a home in St Leger Court, Great Linford, at 7.55pm and discovered the body of a middle-aged woman inside.

A post-mortem examination by a Home Office pathologist on Monday night was inconclusive and further tests are being carried out.

A formal identification has not yet taken place.

A 58-year-old man was arrested on suspicion of murder on Sunday night but was released on police bail last night pending further investigations until July 16.

Last night officers said the scene remains 'unexplained'.

Sudhasan Thamodharam, 32, is a shop assistant at a newsagents in St Leger Court.

He said: "I have been working here two months and have not really seen anything like this. There have been drunk arguments and other minor problems between locals but nothing like this."

Mr Thamodharam, who lives in Great Linford but is originally from Sri Lanka, said although he has not seen anything like this before, he is not surprised.

He added: "I'm not worried. It's just like any other day to me really."

Senior investigating officer, Det Ch Insp Gill Wootton, said: "Enquiries will continue at the property as we work towards establishing the cause of the fire."

## Time to build homes

IN SEPTEMBER 2012 MK NEWS revealed the scandal that the number of homeless Milton Keynes families housed in B&Bs had doubled in the last two years.

Now we hear that Milton Keynes Council forked out £1.3million to keep homeless families in B&Bs last year (*MK NEWS, May 15*).

The lack of affordable homes has been ignored by our council for many years and the Government has paid scant attention to this urgent problem.

Homeless families in MK deserve to be treated with dignity and respect – not farmed out to B&Bs in Bedford and Dunstable, miles away from the support of family and friends. Our complacent council should be ashamed.

With unemployment in Milton Keynes rising, Government cuts to housing and other benefits and the introduction of the bedroom tax, the absence of affordable housing adds to a toxic cocktail of factors, which could result in a huge increase in homelessness.

Let us hope the coalition government and Milton Keynes Council start an urgent programme of building affordable homes to prevent a homeless crisis.

## Bad idea to copy MK

I PITY the Chinese if two of their new cities are seriously proposing to use Milton Keynes as inspiration (*'Cities in China based on MK', MK News, May 15*).

Our car-centric city is not a model worth emulating because it is a poor solution for yesterday's needs. One assumes that China ought to be looking to the future and adopting a more sustainable approach.

Due to its low development density and its huge car dependency, Milton Keynes is a poor example of sustainability.

Its low density represents a bad use of valuable land and its car dependency creates serious social and economic barriers for those without cars as well as creating high levels of environmental pollution.

MK generates about 400,000 tonnes of transport-generated Co2 per annum. Taking account of city growth and expanding car ownership one can expect this pollution level will rise to 680,000 tonnes by 2026.

The UK has agreed to reduce its Co2 emissions by half by 2050 or by 25 per cent by about 2026 and as a contributor to this process, MK thus needs to manage down its car dependency and its associated CO2 noxious emissions output.

However, the council's about to be agreed LDF core strategy will give MK, not the required 25 per cent by 2026, but a 44 per cent increase! How sustainable is this? We are building the wrong sort of city.

I suggest that before Lixian and Huarong embark on reproducing some localised version of MK they read the health warning.

## Beautiful bluebells

I HAVE read with interest your Love MK stories – what a fantastic idea.

Too often our newspapers and TVs are full of doom and gloom and it's so nice to have the better side of life shown to us. I, like so many others I know, am very proud of our city.

Like everywhere else it has its faults and problems, but this time of year they can all be forgotten when our parks and even roadsides spring to life.

Just last weekend I took a walk in Howe Park Woods to see the lovely bluebells. Who would have thought that just a stones throw from Central Milton Keynes such a wonderful piece of old woodland would exist.

Well done Milton Keynes for keeping such beautiful spaces for us to enjoy and well done MK NEWS for pointing out some of the good things that happen week in, week out.

# Wolverton Works

## Marking 175 years with a series of exclusive columns that look at the history of the town

**MANY people pass through Wolverton and would consider this Victorian railway town to have little in common with modern Milton Keynes.**

**Established by The London and Birmingham Railway Company in 1838, Wolverton (originally Wolverton Station) was a 'grand central station and locomotive repair depot', a half way stop to provide passenger services and railway maintenance.**

**This included substantial refreshment rooms, accommodation and an ice-house.**

**The Railway Company acted like a 19th century Milton Keynes Development Corporation – building on a greenfield site and attracting people from all over the country, also planning streets on a grid system.**

**Wanting an efficient workforce with family values, the company built a school offering a good standard of education and a reading room, which offered up to date publications.**

**By 1850 the former Lieutenant Governor of Upper Canada, Sir Frances Bond Head, on his return to England writes that Wolverton "is a little town composed of 242 red brick houses, a number of very large red brick workshops, six red houses for officers, a red beer shop, two red public houses, a substantial red schoolroom and a neat stone church."**

**Market Square, Wolverton, including a view of the north side of Buckingham Street**

**Sporting facilities, allotments, a Market Hall and further education facilities were added to the mix and soon the vibrant settlement encouraged other investors, including a print works and an early cinema.**

**Wolverton was also unusual because so many working class people owned their own houses with these early mortgages provided by Wolverton (Bucks) Permanent Benefit Society, which honoured the train works by having a railway carriage as its insignia.**

**Although the rows of neat brick houses appear to the casual eye to look the same, the Railway Company's later built north side of Buckingham Street (1878) differs from the privately built south side where individual touches were added making Wolverton pioneering, hi- tech and forward thinking – a Victorian Milton Keynes.**

Kingston roundabout: Unscrupulous crooks dice with death as they deliberately cause accidents

# £392m MK cash for crash fiddle

**BY MAL TATTERSALL**
editor@mk-news.co.uk

**UNSUSPECTING women motorists using Milton Keynes' giant Kingston roundabout are being targeted in a potentially-deadly 'cash for crash' scam.**

Gangs try to engineer minor accidents so they can rip off insurance companies in a fraud which is costing £392million nationwide.

An undercover investigator for an insurance company told MK NEWS how busy Kingston roundabout is one of the country's blackspots.

The investigator, who we agreed not to name, said: "The gangs target women on their own because they see them as more vulnerable

"What happens is that they suddenly cut in front of you and brake, hoping to force a minor accident.

"Then they will claim that it was your fault and demand your insurance details.

"Usually there is only very minor damage. But when they contact their insurance company, the details will have changed.

"The damage will be much more severe and it will turn out the driver, who appeared to be alone, actually had three or four passengers who all suffered whiplash.

"So what started out as a small dent in the bumper will end up costing the insurance company maybe £24,000.

"Kingston, with so many women shopping there, is ideal because of the dual carriageways and lay-bys."

Police are now clamping down on the scam which is reckoned to add £50 to every car insurance premium. More than 250 people were arrested last year.

The Motor Insurers' Bureau advised drivers: "If involved in an accident, take as much detail as possible – particularly numbers of passengers, names, addresses, etc.

"Take photos if it is safe to do so and report any suspicions."

## Singer, 12, in semi-finals

A SINGER could be in with the chance of performing at London's O2 Arena this summer if she makes it through the next stage of a vocal competition.

Wannabe Teenstar Amber Falconer, 12, from Shenley Lodge, fought through auditions against thousands of hopefuls to get her place in the semi-final on Sunday at Huddersfield Town Hall.

Denbigh School pupil Amber said: "I'm really excited about the semi-final. I just love being behind the mic!" The winner will receive £20,000 worth of prizes, including £5,000 to develop their talent.

# Drug girl death: the fatal errors

BY MAL TATTERSALL
editor@mk-news.co.uk

**A HOSPITAL has been slammed after an inquest heard a woman who took a drug overdose died after being left in the care of an unqualified health assistant.**

Milton Keynes coroner Tom Osborne is demanding answers from Health Secretary Jeremy Hunt over the death of Michelle Paula Jannetta, *pictured*, from Dorchester Avenue, Bletchley.

He was told how, in a catalogue of errors, medical staff at Milton Keynes Hospital thought Michelle was faking her condition despite being in a deep coma.

Her blood samples were mixed up with those of another patient and she was not given an antidote to the

Tramadol painkiller tablets she had swallowed.

Staff scribbled medical records on the back of plastic surgical gloves and placed her to sleep on her back, which obstructed her breathing and caused her death.

Recording a narrative verdict, Mr Osborne said: "There was a failure to recognise her deteriorating condition."

He claimed unqualified staff could put patients at risk all over the country.

Michelle, who had a history of mental illness, went to A&E at midnight on March 7 last year after taking an overdose.

She was kept in overnight for observations and died about 11am the next day.

Michelle's sister Nicola said yesterday: "We adored her and will never forget her. We hope her death changes attitudes towards mental health patients in hospitals."

Martin Wetherill, the hospital's medical director, said: "Our thoughts are with her family. We have put together an action plan after an investigation. We will continue to improve our services and ensure lessons are learned."

# A&E waiting times improve

**Keeping tabs: Nicola Rose and David Cattigan at a nurse station in the A&E department**

**WAITING times at Milton Keynes Hospital's A&E department have improved.**

**The news come in what NHS chiefs have described as the most challenging period for A&E in a decade, with more demand from patients pushing departments to the limit.**

**Last month MK NEWS reported how from January until March this year just 77 per cent of patients visiting A&E were seen in under four hours, compared to the national average of 91.1 per cent.**

**But from April 1 to this week, the hospital says this has leaped to 93.2 per cent, with a monthly figure of 96.7 per cent.**

**This paper paid a visit to the department to see for ourselves what was happening and on the day we visited 99.4 per cent of people were seen within four hours. Bosses at the hospital claim the improvement is down to small but necessary changes.**

> We did need to improve. We have to make sure people are sent to the right service first time
>
> **Jayne Skippen**

**Jayne Skippen, the newly-appointed operational manager for ED and MAU (Medical Assessment Unit), said: "We are now mostly getting people to the right service first time.**

**"Our clinical navigation, where a senior nurse makes sure a patient is in the right place, has improved and we have more A&E consultants on the shop floor overseeing patients' care.**

**"There is a major and a minor injury stream and we have to make sure they are put in the right one.**

**"Mental health is difficult to manage but the new mental health assessment team has also made a big improvement."**

# Lesbian affair of a social worker

BY MAL TATTERSALL
editor@mk-news.co.uk

**A SOCIAL worker has been struck off over a lesbian affair with the vulnerable mother of a child in the care of Milton Keynes Council.**

Nichola Louise Bond, who moved in with the woman, named only as Ms A, showed 'a reckless disregard for normal standards of conduct'.

The Health and Care Professions Council ruled that her behaviour posed 'a potential risk of harm' to both the mother and child.

At one time police arrested Bond after Ms A reported her. But they did not press charges, the London disciplinary hearing was told.

Evidence showed the affair started around the time Ms A's child was returned to her from care and she told Bond she 'loved her'.

Social services chiefs made the decision based on information given to them by Bond but were unaware the two women were in "an inappropriate relationship".

Bond, the hearing was told, and Ms A 'colluded in order to deliberately deceive' her supervisor about it. Once the affair was revealed, Bond was suspended. She would have been sacked for gross misconduct but resigned first.

Panel chairman Elizabeth Carmichael said: "She demonstrated a reckless disregard for normal standards of conduct. The misconduct is of a serious nature."

Bond did not attend the hearing. A spokesman for Milton Keynes Council said later: "Nichola Bond was suspended as soon as she disclosed this highly inappropriate and unprofessional relationship. She is no longer employed by the council."

# Cloudy2Clear Windows – Service With A Smile!

**It's been a crazy few months for Cloudy2Clear Windows. The company which specialises in repairing windows which are steamed up, broken or damaged by replacing the panes – not the frames has grown rapidly as homeowners take advantage of their services.**

Managing Director Billy Harley feels that it's all about service. 'Our product is simple. If your double glazing is misted up we can replace the glass at a fraction of the cost of a new window, in any type of frame, and with a new 5 year guarantee. But it's not just about saving people money, although that obviously helps. Many tradespeople have struggled since last year and I honestly feel that during the good times a minority perhaps didn't focus on customer care as much as they should have done. We make sure we turn up when we say we will, do the job the customer requires and leave their house as clean as a whistle. I often get comments back from customers on how they really didn't expect that sort of service which, in a way, is very sad for the service industry as a whole.'

Cloudy2Clear service the Bedford, Milton Keynes & Leighton Buzzard areas and Billy is finding that his approach is a major factor in his success. 'The truth is that it's not just the personal satisfaction that I get from doing a good job but also it makes good business sense. I get a huge amount of business from friends and family of people I've done work for, which just goes to show how much a little bit of effort is appreciated.'

So, if your windows are steamed up, broken or damaged give Billy a call for a free quotation on **0800 61 21 118** and he'll be happy to help!

# No rift over gay marriage for MPs

Difference of opinion: Iain Stewart is in favour of same sex marriage, while Mark Lancaster, *inset*, is against it

**BY JAMES AVERILL**
james.averill@mk-news.co.uk

**THE city's Conservative MPs have said their happy 'marriage' will not be affected by a difference of opinion on a controversial bill.**

Iain Stewart and Mark Lancaster were expected to vote for and against gay marriage respectively last night, following a debate which has caused tension among the Conservative Party.

But both have moved quickly to say their differing opinions will have no impact on their close working relationship.

Mark Lancaster, who represents Milton Keynes North, said: "Iain and I both have independent minds and while I fully respect his position, we do not agree on this particular issue. It doesn't affect our very close working relationship in the slightest."

Mr Stewart, who is openly gay, said he will continue to support same sex marriage, adding: "I backed the bill in an initial vote a few months ago.

"I believe marriage to be a wonderful institution that should be open to all couples who want to make that life-long commitment to each other.

"Why does allowing two gay people to marry undermine a straight couple's marriage?

"Mark and I work closely on many issues and share an office.

"We respect each other's opinion on this matter and agree to differ.

"We're both mature enough to do that and co-operate on all the others issues on which we work together."

Mr Lancaster said his decision was made because the bill was 'poorly drafted'.

He added: "It delivers less, not more equality, particularly in the way that it treats both faiths, heterosexuals and same sex couples differently."

# Take part in MK's mascot mayhem

BY ANNABEL HOWARD
editor@mk-news.co.uk

**MORE mascots are needed to take part in a popular event when it returns to the city next month.**

The Mascot Olympics will be back for its seventh year on June 22 with activities such as welly wanging, a bungee run, penalty shoot out and an obstacle challenge.

The event has been picked as a Community Games Event as part of the legacy from the 2012 London Olympics.

And organisers of the event, which is being supported by MK NEWS, are on the hunt for more local mascots.

They are also calling for child mascots to parade with the adult participants during the opening ceremony to make it an occasion to rival the real games.

They would also like youngsters to get involved in some of the events, such as the penalty shoot out, which has been made even harder this year with several balls being kicked at the mascots at the same time.

**Get involved: Organisers of the Mascot Olympics are looking for more people to take part**

So far regular football club attendees have signed up, including Captain Blade from Sheffield United, Roary the Tiger from Hull City – who won most entertaining mascot in 2010 and 2012 – Bartley Blue from Cardiff City and Whaddney the Robin from Cheltenham Town.

Rugby mascots, including Bernie from Northampton Saints, will also be taking part.

The Olympics, which takes place from 10am to 4.30pm, will be part of a family fun day in the Theatre District.

Attractions include world record holder Daniel Magness, who will be demonstrating football tricks and holding a free how-to workshop for youngsters.

Anyone who would like to be a mascot, or can help on the day, should contact sara.mills@theatre-district.co.uk

# Worry over new car park charge

BY JAMES AVERILL
james.averill@mk-news.co.uk

**CONCERNED residents fear bringing in charges at a free car park will force workers to leave their vehicles in their estate.**

The Parks Trust is considering introducing the charges, which could include £4 to park all day, at the Peace Pagoda Car Park in Willen.

But people who live opposite in the Gyosei Gardens housing estate are worried they could see a big increase in the number of people parking in front of their homes to dodge the fee.

One resident said: "I'm concerned people are going to start parking outside our houses if this plan goes ahead. At present when there is something on at the Chrysalis Theatre, people use the little car park in Japonice Lane but also park on the road.

"This will happen if the Pagoda car park starts charging, but if space runs out they will start parking in Sakura Walk.

**Free parking: But charges may be introduced at the Peace Pagoda Car Park by The Parks Trust**

"Has The Parks Trust offered any suggestions on how to avoid this? I presume it hasn't even thought about it!"

But David Foster, the trust's chief executive, defended the move, saying: "We're considering introducing parking charges at the Peace Pagoda Car Park later this year.

"We want to make improvements to the car park, such as installing lighting and increasing security patrols, and have to look at how we fund these.

"Income from car parking makes a valuable contribution to ensuring that it's a pleasant and safe place for people to visit."

# Enjoying tea to help lift Dementia profile

BY ANNABEL HOWARD
editor@mk-news.co.uk

Tucking in: Milton Keynes Memory Assessment Service held a tea party to recognise Dementia Awareness Week

**A TEA party to raise money to help people suffering from dementia took place in the city yesterday.**

It was held at the Chrysalis at Cripps Lodge in Netherfield to mark Dementia Awareness Week, a national initiative which runs until Saturday.

Hosts Milton Keynes Memory Assessment Service provide neuro-psychological assessment to ascertain the cause of memory problems.

Following diagnosis the service offers support, education and information, group and individual sessions, including cognitive stimulation therapy, and memory strategies. It also works with carers.

Spokesman Ann Saunders said: "We're all living longer.

"That means we're all facing a higher risk of one day developing dementia. It may be you. Or it may be someone in your family.

"The more we know about dementia, the more prepared we'll be to face it."

Various other charities and organisations in the city are also holding events to raise the profile of dementia.

Volunteers from the Alzheimer's Society will be visiting patients, visitors and staff at Milton Keynes Hospital today to answer questions and give advice.

The team with be in the main entrance of the hospital from 9am to 3pm.

The society's campaign leader, Hazel Reynolds, said: "Only 40 per cent of people in Milton Keynes with dementia have been formally diagnosed. Diagnosis is important as it means people can access the treatment and services that can help them to live well with dementia.

"Talking is the first step to getting more people the support they need."

A similar event will also be held at the community kiosk in thecentre:mk from 9.30am to 4pm on Saturday.

# Mums' art goes from MK to NY

BY JAMES AVERILL
james.averill@mk-news.co.uk

**A MOTHER and daughter want mums to take part in their art exhibition – which will be displayed in New York.**

Penny Best, 65, from New Bradwell, helped create Story of Mum with her daughter Pippa, 40.

The exhibition was launched at MK Gallery last week and will be heading to the Exchange in September, London Photographers Gallery in October and the Museum of Motherhood in New York in November.

The exhibition follows a website set up by the pair to allow mums to share their stories. It was started just over two years ago when Pippa was pregnant and Penny was about to become a grandmother.

Penny told MK NEWS: "We were both going through a transition. The website and exhibition is being done by Pippa and I primarily for love.

"It celebrates the ups and downs of motherhood and increases access for mums to have a bit of 'me time'.

"There have been some incredible stories from mums and we are really happy with the response."

The exhibition includes a Mama Mash-Up, where mothers find two pictures that capture different aspects of themselves and chop them into evenly spaced strips.

There is also the mammoth Mum Poem, where women have to say what being a parent is without using the word mother.

So far more than 111 people have contributed to it.

Mothers from Milton Keynes can still take part in the exhibition by going to MK Gallery every Saturday from 1-3pm until June 1.

You can also join for free online until September at www.storyofmum.com

Destination Aquatics is an Aquatic Superstore with a difference. The store is light, airy, spacious and it takes you on an aquatic journey. For the existing fish keeper the store has most things that you could possibly need and if they don't stock it they have access to over 10,000 products from their local wholesaler which can be delivered within a few days. For the new fish-keeper, whether young or old, they stock all manner of aquariums, from beginner set ups to marine specialist aquariums. Most of the staff in the shop has an aquatic or reptile background and each have been selected in order to bring their expertise to the store.

The mission statement for the store is to "Keep more people in the Hobby by ensuring they have the knowledge to ensure the Fish Thrive". To accomplish this there will be regular Consumer evenings on various topics to give everyone the knowledge they need to keep their fish in the best environment possible. The first consumer evening will be held by Seachem on the 20th June and you can sign up for it free of charge at the till point in the store. 6-7pm is for basic aquatic training on water condition and filtration and then there is a 2 hour Marine specialist session from 7–9 pm. Only 20 places are available on each session and both can be attended if required. There will also be sessions at the weekend aimed at the beginner into the hobby and for children – the dates for these will be on the notice panel in the store.

On speaking to Steve Norris (Manager) in the store it appears that this is just the beginning of a great journey into Aquatic and Reptile retailing. There are many things planned for the future including Consumer finance, tank maintenance, click and collect website and much much more. The concept from the conversation with Steve is re-introducing a little bit of patience into fish keeping and ensuring that all fish and reptiles are kept in the best possible conditions and have a long and healthy life.

The store has been open for a couple of weeks to get any niggles ironed out and they have a grand opening on the 24th May. The Friday through to the Monday of the grand opening weekend will see many competitions, great prizes, balloons and much more.

# Showing just how

KEY figures from the community have backed our Love MK campaign, which highlights our favourite good news stories from the area.

MK Dons' chairman Pete Winkelman has leant his support, as has the city's new mayor Brian White.

Speaking to reporter James Averill, Pete said that Milton Keynes had 'a lot to shout about'.

"The Love MK campaign is a great idea," he said. "Without a doubt there are a lot of good news stories happening across the city.

"It's a tough time out there in the country, but we are leading the way. We are moving forwards and everyone who lives here loves the place.

"Getting the World Cup shows how far we have come. Milton Keynes has grown of age and it has the world at its doorstep."

He admitted that it was the city's 'can-do' attitude that he loved most about the city, and that it was a large part of the reason why he decided to bring the Dons here.

"I was part of that attitude. I was that naive man who asked why there wasn't a football league team here. But you look at other things such as the disability team and the work the Sports and Education Trust does across the city and I am so proud."

Milton Keynes Mayor Brian White also gave us his support.

"The Love MK campaign absolutely has my backing," he said.

"Like a lot of people, I came here and only expected to stay a short while. Twenty-nine years later and I am still here! It is such a wonderful place to live. It's different to any other city out there and it becomes part of you."

**Flower power: Penelope Halton-Davis wants local residents to add some colour to the area**

**BY JAMES AVERILL**
james.averill@mk-news.co.uk

**A COUNCILLOR wants residents to brighten up the city and be proud of where they live by putting flowers outside their homes.**

Penelope Halton-Davis, who sits on Campbell Park Parish Council, wants residents in places such as Willen, Springfield, Fishermead and Oldbrook to add extra colour to the area.

"It is part of my project which is called Be Proud of Where You Live. I want to enhance the area," Penelope told MK NEWS.

"I've noticed over the years that less people are putting flowers on their balcony.

"When I moved here in 1979, all the balconies were covered."

But Penelope says that for those who don't have balconies, they can still take part by having hanging baskets.

"Everyone is welcome to take part," she continued.

"I want to bring it back to the look of the 80s, because a little bit of colour brightens up the day for everyone."

# Archive makes museum move

BY JAMES AVERILL
james.averill@mk-news.co.uk

**A GROUP that collects, preserves and shares stories of Milton Keynes' past has opened a new chapter in its own history.**

Staff and volunteers at the Living Archive have moved a wealth of film, photographic and documentary records that has been collected over almost 30 years to Milton Keynes Museum, where the city's story is told in objects, reconstructions and displays.

The museum in Stacey Bushes will also house work by the Living Archive band, which uses music and song to tell the history of different people and has a new tune coming out soon.

Speaking about the move, the director of Living Archive, Mel Jeavons, said: "For Living Archive this is a natural evolution.

"We are both part of the group of organisations who came together two years ago as Milton Keynes Collection to share resources and expertise, so we are really excited at the new opportunities this move will offer to work in partnership with the museum."

Making history: Members of Living Archive at the museum

And having made the move, the group is keener than ever for people to step forward and help preserve some of Milton Keynes' most treasured memories.

"Living Archive was set up to ensure that none of our stories would be lost but would be collected and shared so that future generations will know the whole story of Milton Keynes," added Mel.

"For anyone interested in both their own and the area's roots, volunteering is a brilliant way to develop that interest."

# Brian will big up small businesses

BY JAMES AVERILL
james.averill@mk-news.co.uk

**BRIAN White has taken over from Catriona Morris as the city's mayor.**

The Labour councillor, who served as an MP for Milton Keynes from 1997-2005, was elected last Wednesday.

He said: I will use the mayoral year to highlight the positive difference growing businesses – most of them small businesses – are making to enhance our local community."

And at another council meeting tonight, Cllr Subhan Shafiq will be elected as the deputy mayor for the city.

The Liberal Democrat , 41, moved to Milton Keynes from Yorkshire 25 years ago.

Speaking about his election, he said: "What a surprise and an honour.

"I look forward to working hard as deputy mayor to represent all the residents and all the cultural groups of Milton Keynes."

When she handed over the reins, Cllr Morris was given a special t-shirt emblazoned with the words 'old mayor' by MK Dons.

All change: Brian White takes over from Catriona Morris, *below*, with her t-shirt. Inset: New deputy mayor Subhan Shafiq

# UK's most 'des res' for £18m

BY MAL TATTERSALL
editor@mk-news.co.uk

**WHO says we are in a recession? A green-domed stately pile near Newport Pagnell is on the market at a staggering £18million – making it the most expensive house for sale in Britain this year.**

Mega-rich property developer Anton Bilton, who is wed to American-born model, singer and actress Lisa Barbuscia, bought Tyringham Hall, *left*, 10 years ago for just £2.5million.

But he is reputed to have spent £10million of his £140million fortune renovating the Grade I-listed mansion, which has been described as Britain's most beautiful country home.

Designed by architect Sir John Soane for banker and MP William Praed in 1792, the main building has four reception rooms, a study, spa, games room, gym, cinema and ten bedrooms. The wings and stables contain another 18 en-suite bedrooms, along with accommodation for the servants.

Bilton, 48, once said of the house: "My soul is there. Finding this place was like discovering a Renoir painting with a Picasso on the back.

"I was spellbound from the first moment I crossed the humpbacked bridge, over the River Great Ouse, and saw the house and those vistas. There is such delicacy of feeling in the design."

Outside are formal gardens designed by Sir Edward Lutyens in the 1920s, featuring two classical pavilions and a series of ornamental pools guarded by leopard-headed pillars. Herds of red deer roam freely in the 59 acres of surrounding landscaped parklands.

"I love to wander the grounds in the evenings, a glass of wine in hand," added Bilton, who married his beautiful 41-year-old wife, a passionate animal activist, in 2004. The couple have three children together.

Estate agent Crispin Holborow, of Savills in London, gushed: "Designed by Sir John Soane, with garden buildings by Sir Edwin Lutyens, this is a unique architectural masterpiece. We expect the historical and architectural importance to be critical in achieving a sale."

He added: "The eventual purchaser is unlikely to be someone who might think of buying a new house in Wentworth, for example."

***If you are looking for a home in the area check out MK NEWS' property section from page 53. We have plenty that are a little cheaper!***

# Pack a bag, we are off to Mars

BY MAL TATTERSALL
editor@mk-news.co.uk

**NINETY years after comic space hero Dan Dare landed on Mars, Open University scientist Adam Stevens reckons we could all be heading there.**

By 2040, he believes we will have developed the technology to leave earth behind and go and live on the Red Planet. And, he warns, we might have to.

He believes if we stay here it is only a matter of time before another giant asteroid hits the earth and wipes us all out – like the one believed to have done that to the dinosaurs.

"That is the reason we have to keep up space exploration," Milton Keynes-based Adam told a meeting of the Skeptics in the Pub organisation in Bedford last week.

"Mars is the only place we can go. Nowhere else in the solar system is habitable.

"It's true there isn't a breathable atmosphere on Mars but with a bit of jiggery-pokery we can build a kind of dome to live under.

Open University spaceman Adam Stevens and, *right*, Dan Dare

"There is carbon dioxide so in theory it might be possible to grow things in the soil, as well as mining minerals and making rocket fuel."

One Skeptic raised the point that if an asteroid could hit the earth, one might also smash into Mars. Therefore, we would have just as much chance of surviving Armageddon if we stayed here.

Adam agreed that was, of course, true. But he insisted, it was still important to explore the solar system for a possible 'new home'.

However, he warned: "Anybody who talks about going to live on Venus is a bit mad."

Naturally. As all Dan Dare fans know, Venus is where our intrepid hero's arch-enemy Mekon, the green, bald-headed lord of the evil Treens, lives. Who on earth would want to live there?

# Access to new store slammed

BY JAMES AVERILL
james.averill@mk-news.co.uk

**RESIDENTS have slammed the lack of pedestrian access to a new supermarket.**

As reported in last Wednesday's MK NEWS, Waitrose opened in Oakgrove Village two weeks ago.

And while residents have welcomed the store, those living in nearby estates have said they 'have to take their lives into their own hands' to cross busy grid roads to use it.

Catherine Held, who lives in Milton Keynes Village, said the attraction of shopping at Waitrose is hampered by how difficult it is to get there.

"If you live nearby there is hardly any pedestrian access," she said.

"I've lived in Milton Keynes for a long time and normally there is an underpass at all the roundabouts for pedestrian access, but for this there isn't. People have to either use their cars or take their lives in their hands crossing busy grid roads."

**Kept out: The lack of pedestrian access at the new Waitrose in Oakgrove is a 'serious oversight' according to Cllr John Bint**

Cllr John Bint, who is responsible for the Middleton ward and is a member of Milton Keynes Council's cabinet, said: "The delayed construction of safe, direct routes for pedestrians and cyclists from any of the adjacent estates is a serious oversight by Crest Nicholson in this otherwise excellent project.

"As ward councillor, I am pressing them to improve the situation as soon as possible."

A spokesman for developer Crest Nicholson said: "Pedestrian and cycle routes will be installed at the appropriate time during construction to provide connectivity to the surrounding area."

# "MIRROR MIRROR ON THE WALL..... WHERE IS THE BEST CLINIC OF THEM ALL?"

**Forget surgical facelifts and liposuction-with the help of the latest non surgical procedures, it is now possible to transform your skin and body with minimal downtime and without any of the tell tale signs of enhancements.**

**"People want less surgery- they want to appear natural and less done looking", says Dr Dewji from LasaDerm." Softer treatments that deliver visible results without scars, heavy bruising or drastic changes are very much in demand right now."**

## LASADERM Medical Aesthetic clinic is ENDORSED BY TV'S "ASK THE DR"- CHRISTAIN JESSEN as the up and coming aesthetic service that provides the latest, safest, most reputable treatments performed by qualified Doctors.

**Whether its erasing wrinkles, rewinding the damaging effects of sun, banishing breakouts or finally putting the end to the embarrassing red flushing experienced by Rosacea sufferers, LasaDerm offers a range of safe, modern and effective treatments tailored to each individual. Here's a low down on some of the most popular treatments offered at LasaDerm**

**WRINKLE SMOOTHING –** when it comes to softening lines and wrinkles on the forehead, between the brows, crow's feet around the eyes, the popularity of Botox injections shows no signs of waning. Botox can also be used to reduce excessive sweating and more recently in the treatment of migraines.

If you're 40 something with deeper set wrinkles and folds, sunken cheeks, under eye hollows or limp lips which all add unnecessary years to your face then **DERMAL FILLERS are the way forward**. As lines are filled, skin looks firmer younger and the effects can last for up to 12 months. Dermal Fillers can take 10 years of easily. It's important to ensure that you go to a practitioner who has an eye for facial aesthetics. During the consultation the Doctor should be able to show you pictures of before and after clients that "THEY" have actually done. The LasaDerm Clinic uses a specialised method using a cannula to inject Filler which causes less bruising and delivers a more even outcome.

**Quote "I didn't act my age and now I don't have to look it either!" Mandy aged 52 from Bedford**

**FACIALS -** More and more women want facials that are results driven. **If spots and breakouts on the face are an issue try the new "acnefuse" Hydrafacial**. This procedure uses a vacuum exfoliating tip to suck up dead cells and stimulate blood flow. Next the skin is dosed with anti inflammatory and pore unclogging acids. This reduces blackheads, pore size and breakouts. A course of 6 is recommended although results can be seen after the first treatment.

**If your complexion is looking dull and lifeless then try the "hydrafuse" Hydrafacial.** Also ideal for treating mild pigmentation, wrinkles and plumping up the skins texture. This procedure puts the Vaa Vaa Woom back into dull, lifeless, stressed skin by using a potent deep exfoliating solution during the vacuum exfoliation followed by collagen boosting and radiance inducing anti oxidants to give skin that dewy youthful glow.

**The Hydrafacial Treatment is a favourite amongst A Listers Kate Winslet, Beyonce and Eva Mendes. To Try this SEE OUR AMAZING OFFER on the page opposite**

Before and after 1 RF Treatment

**SKIN TIGHTENING AND LIFTING-** it's not just wrinkles and uneven tone that make your skin look older. As the years go by your collagen and elastin fibres weaken and deplete, leading to slack skin. The newest weapon in LasaDerm's anti aging arsenal is Radio Frequency which is creating a buzz thanks to its ability to lift sagging cheeks, turkey necks, jowly chins, craggy eyes and even soften and smooth out stretch marks and loose skin on tummies, without the use of a scalpel. Radio Frequency uses tripolar electrodes to deliver the energy which heats the deeper dermis to 55-65 which stimulates fibroblast to produce collagen. This cumulative increase in collagen and elastin has numerous benefits which include firmer, smoother, tighter skin with smaller pores, fewer wrinkles and a softer, plumper texture.

Before and After 4 Treatments

**BODY RESHAPING-**Thanks to the use of clever technologies such as 3D Non Surgical Lipo. You can now FREEZE, MELT and Liquefy fatty bulges, break up cellulite and tighten flabby skin without the incisions, pain or recovery time of a surgical liposuction. 3D Lipo utilises Cavitation (melting) and Cryolipolysis (freezing) to Zap Fat.

**CAVITATION** is designed to shift fat from podgy bellies, love handles, thighs, hips and arms. Many less sophisticated Lipo devices use lasers as the medium to remove fat but they are dependent on significant immediate exercise to achieve results. This for me always begs the question "Is it the procedure or the exercise that is producing the results? We know that exercise is an integral part of a healthy lifestyle but if you are fairly active and just not able to shift those pockets of stubborn fat then that is where these procedures should fit in!" says Dr Dewji.

**CRYOLIPOLYSIS or CRYO** is designed to "freeze" the fat. A moulded cup is fitted over the stomach, love handles, back fat or bingo wings for example; heavy duty suction pulls the pudge inside the cup where it's chilled to -4 C. Some of the fat cells are destroyed and ultimately disposed off by the liver, a process that can take up to 3-4 months. "A minimum of 25% reduction in fat cells that fit inside the cup is achieved, "says Dr Dewji. "That's a very high level of efficacy. As a clinician I need to know that the treatments we offer are safe, effective, scientifically based and fit in with our holistic care for our clients.
3D Lipo has delivered that for us!

**Treatments include:**

- Wrinkle reducing injections
- Dermal fillers
- Facial pigmentation
- Rosacea and acne scarring
- Thread vein removal
- Laser hair removal
- Skin Peels
- Mole and skin tag removal
- ZOOM Teeth Whitening

# The Great British Culinary Experience at Royal Ascot 2013

Royal Ascot is a defining event of the British summer, set against the beautiful background of Windsor Great Park, it is the greatest Flat race meeting in the world and a social occasion like no other. With colour, drama, glamour and excitement, it is a unique cocktail of an event.

From Tuesday 18th June to Saturday 22nd June 2013 race goers will be able to enjoy the finest cuisine, wine, service and ambience, all served in equal measure at the beautiful Berkshire track.

Regarded as the centerpiece of the summer season with the quintessential Englishness of the day, the culinary team at Royal Ascot go above the realms of expectation and create dishes using the most popular ingredients. In fitting with the contemporary design of the Grandstand and the Royal Enclosure Gardens, but not forgetting the heritage of the racecourse, the menus have been designed with local sourcing and sustainability in mind.

Just as the action on the track is second to none, Ascot's talented team of chefs aim to match that quality in all of the food offerings. Race goers will find attentive service, excellent food and carefully chosen wines, delivered in the most beautiful surroundings at the Berkshire racecourse.

New for 2013, the racecourse has introduced hospitality initiatives as part of their eleven fine dining restaurants offering race goers the opportunity to indulge in an array of exquisite menus. They will be working with top British talent including two Michelin-starred chef Tom Kerridge and the brilliant wine critic Olly Smith.

This year, Ascot is proud to welcome the incredibly popular and loveable chef patron Tom Kerridge who owns the extraordinary two Michelin-starred Hand & Flowers pub in Marlow. Working closely with Ascot's Executive Chef, Steve Golding, Kerridge has devised dishes for the Panoramic Restaurant that are sophisticated yet familiar, reflecting his passion of taking traditional English dishes and giving them a Kerridge 'twist'.

For impeccable service and a delicious 5 course à la carte luncheon visit the Parade Ring Restaurant where the uniquely enthusiastic British TV presenter, wine expert, writer and self-confessed foodie, Olly Smith has chosen the wines to match the innovative menu.

Alternatively for those wanting to be close to the racing action, you can't get much closer than the Trackside Restaurant just metres from the track and a short distance from the Pre-Parade Ring and Saddling Boxes. The restaurant will feature a global menu in celebration of the international racegoers and runners that descend on Royal Ascot over the five days in June.

A new concept is introduced to the Bessborough Restaurant this year, as it is transformed into the ideal

venue for racing enthusiasts and novices alike. This unique restaurant will feature an iconic panel with special guests, who will give racegoers the inside track to the runners and riders, betting and all things Royal Ascot.

Using the royal theme of the five day meeting, the **Carriages Restaurant** will serve a menu using suppliers who have achieved the sought after Royal Warrant, these include the cheese biscuits and petit fours coming from Town & Country.

For a dining experience with a view, visit the **Windsor Forest Restaurant** where guests can enjoy seeing members of the Royal family arrive with their guests and have prime view of the horses as their hooves hit the turf on their way out to the race. Other restaurants for race goers to enjoy include the **Old Paddock Restaurant** and the **Sandringham Restaurant** which both offer unique locations within the racecourse and fist class dining experiences.

The brand new **Pavilion Club** has been introduced this year due to the popular demand of the Furlong Club in 2012. This facility provides race goers with a relaxed area away from the charged atmosphere of the Plaza Lawns. With dedicated bars and a multitude of food offerings this is an ideal environment for those wanting a base for the day.

Alternatively, four delicious **Picnics in a Box** options are available, ranging from the Party Box with all the traditional picnic favourites, to the exclusive box from Caviar House and Prunier, which offers race goers a delicious Balik salmon or superb caviar accompanied by a chilled glass of Champagne. These picnics are ideal for enjoying in the car park or al fresco dining in the racecourse grounds. Guests who wish to picnic in Car Park 1 or the Royal Ascot Wining Post Gardens are also offered a butler delivery service.

Fine dining packages range from £375 (inclusive of VAT) per person and are now on sale.

**AT LAST the sun is shining and warming up the ground.**

And suddenly everywhere is bursting into leaf and spring blossom. Now is the time for you to get busy, especially in the vegetable garden.

It is time to be sowing peas, beetroot and carrots direct in to the ground.

Sow small batches and re-sow every couple of weeks until the end of June to keep a succession of crops.

Runner and French beans can also be sown direct from the middle of the month or planted out if you have already sown into pots or bought some young plants. The same goes for courgettes and pumpkins.

**JAMES FROST, managing director at Frost's Garden Centre in Woburn Sands, writes exclusively for MK LIFE. This month he gives you his top tips for treating your garden**

In the flower garden perennials are growing fast and you should look to put in some support grids on taller plants for them to grow through.

This week the Chelsea Flower Show takes place and you can consider cutting back (known as the Chelsea Chop!) perennials such as aster, helenium, achillea and monarda to give you a plant that flowers late summer into autumn.

Other jobs to do this month include watching roses and fruit trees for greenfly and mildew and spray if necessary and plant brassicas out towards the end of the month.

Happy gardening everyone!

**THIS six-man group will produce sounds that you didn't think could come from the human voicebox.**

The Magnets are an a cappella group who formed at university and since then have been wowing audiences with their jaw-dropping beat-boxing, human drum solos and variety of voices.

They take iconic songs and give them their very own remix that will be unlike any other version.

They will also be showcasing material from their new album, All This Time, their fourth from the studio which also features some of their own songs.

The Magnets will appear at The Stables tomorrow at 8pm.

Tickets cost £15 and can be bought online at www.stables.org

## intodarkness

**IF NEW Star Wars director JJ Abrams now bows out of the Star Trek franchise, then he has set it up for the next generation.**

This sequel to his 2009 reboot adds to the existing template without being sensational – but does what is required in terms of a summer blockbuster.

Into Darkness may be a tad bloated, but it has enough touches of ingenuity from Abrams – Trekkie references, comedic touches – to make this sequel efficiently likeable.

It's 'one small step' instead of 'one giant leap' – but he has taken this series to the next level.

**Gavin Miller**

## seeevita

**DON'T cry for me, Argentina, because Madalena Alberto is almost certainly thinking 'I've landed one of the plum roles in musical theatre'.**

Madalena is playing Eva, wife of the former Argentine dictator Juan Peron in Tim Rice and Andrew Lloyd Webber's award-winning show Evita.

The story follows Eva's journey from humble beginnings through to extraordinary wealth, power and the iconic status that ultimately lead her to be heralded as the 'spiritual leader of the nation' by the Argentine people.

So not only does Madalena get to experience a flavour of the adulation of the masses but she also gets to sing some cracking good songs, although one of the most haunting numbers of the 20th century musical theatre catalogue has to be Another Suitcase in Another Hall and that's sung by a character known only as Peron's Mistress.

Marti Pellow has come a long way from his Wet, Wet, Wet front-man days. While he has recently finished a solo tour to launch his new album, Hope, with another hat on (in this case a beret) he has to be one of the busiest musical theatre performers around now.

We've seen him in both Chicago and Blood Brothers at MK in the last few years and now he's back as the socially aware Che, a dead ringer for the Argentinian Marxist revolutionary, Che Guevara.

Tickets for Evita are available online at www.atgtickets.com/miltonkeynes or from the box office on 0844 871 7652.

## wolvertonglance

**THIS year Wolverton commemorates the 175 year history of its Railway Works.**

As part of the celebrations Brad Bradstock and Eric Thompson are performing the much travelled A Glance from a Train at St Georges's Church on Saturday.

The show tells the story, in words and song, of the effects the coming of the railway had on the people who lived and worked in the sleepy North Buckinghamshire village.

The show starts at 7pm and tickets on the door cost £2.

# Little Horwood

AN IMMACULATE, individually designed, seven-bedroom family home with about five acres of land in the beautiful setting of Little Horwood.

The property, which was built about three-and-a-half years ago, briefly comprises an entrance hall, lounge, dining room, snug/ family room, kitchen/breakfast room, utility, conservatory and downstairs cloakroom.

On the first floor there are five double bedrooms, three of which have en-suites and the master suite boasts a dressing room. There is also a separate family bathroom.

On the second floor there are two further double bedrooms with superb views over the countryside.

The front garden is enclosed by a low stone wall with off-road parking for several vehicles and leads to the integral double garage.

The formal rear garden offers a large patio area and is laid mainly to lawn. The extra land is approachable from the back garden and also from the front of the property via a track road.

This property, which is on the market for £950,000, must be viewed to appreciate all it has to offer.

NOTICE IS HEREBY GIVEN that the Secretary of State for Transport intends to make an Order on the A5 Trunk Road in Central Bedfordshire and Milton Keynes to provide a safe working environment for the workforce whilst carriageway resurfacing and routine maintenance works are carried out along the A5 between the Kelly's Kitchen and Sheep Lane Roundabouts.

The works are expected to last for up to 5 weeks (9pm – 6am) Mondays to Fridays in three phases, from Monday 17 June 2013.

The effect of the Order would be to close the A5 –

- southbound entry slip road at Little Brickhill Interchange from 17 June for 2 nights, diverting traffic via the A5 northbound to the A4146 Kelly's Kitchen Roundabout then to return southbound,
- in both directions between Sheep Lane Roundabout and the A4146 Kelly's Kitchen Roundabout and southbound carriageway between Little Brickhill Interchange and the A4146 Kelly's Kitchen Roundabout from 19 June for 2 weeks, diverting southbound traffic via the A4146 and A505 to rejoin the A5 north of Chalk Hill and vice versa for northbound traffic, and
- northbound entry slip road at Little Brickhill Interchange and northbound carriageway between its junctions with Sheep Lane Roundabout and the A4146 Kelly's Kitchen Roundabout from 3 July for 2½ weeks, diverting traffic via the A505 north of Chalk Hill and A4146 to rejoin the A5 at the A4146 Kelly's Kitchen Roundabout. Diversions would be in place at Little Brickhill for local traffic.

All lay-bys adjacent to the lengths of A5 described above would be closed for 24 hours daily for the duration of the works.

The Order would come into force on 10 June 2013 and have a maximum duration of eighteen months.

The carriageway, slip road and lay-by closures (which would not apply to works, emergency service or traffic officer vehicles) and diversion routes, would be clearly indicated by traffic signs throughout the works period. Access to properties fronting the trunk road would be maintained at all times.

### ICE HOCKEY

JANNE Jokila will continue to skate for Milton Keynes Lightning next season.

The Finnish forward – known to his team-mates as 'The Magician' – signed in February when coach Nick Poole retired from playing and has committed himself to the 2013/14 campaign.

"Janne came in at short notice last season and hadn't played for several months," said Poole.

"So it took him time to get used to the league and also get back into playing shape. It became apparent to us quickly what a skilful player he is.

"He has as much skill as any player we have ever had in our colours and I'm very excited at the prospect of having him in shape and with us for a whole year.

"Janne knows we have high expectations for him next season, and I know he'll be working hard in the off-season so that he can hit the ground running.

"I'm confident that next year he can increase his points production, and I believe he'll be one of the top forwards in our league."

Jokila was once drafted by NHL side Columbus Blue Jackets and is happy to return for a Lightning season which will be played in Coventry due to refurbishment works at Planet Ice.

"I'm really excited about coming back," he said. "I've really enjoyed playing in Milton Keynes. I can't wait for the season to start, I really think we're going to have a great season."

### BASEBALL

MK Coyotes picked up a 22-20 victory over Herts Raptors to take the lead in the South Pool A.

Pitcher Jon Suk was in good form, claiming four strike outs and only allowing four walks during the nine innings.

"We still have some defence issues to iron out, but our offense is strong and this can be seen from the relatively high scoring games we produce," said Coyotes manager Sid Benbow.

### DRAGON BOAT RACING

CITY club Secklow Hundred had a successful start to their 2013 National League campaign in Liverpool's Queens Dock last weekend, winning silverware for finishing second in the plate competitions for the 500m and 2000m events.

### RUGBY LEAGUE

MK WOLVES had a season opener to forget as they went down 90-12 to St Ives Roosters in the East Region Premier. They next face North Herts Crusaders on Saturday.

# Sky is the limit as young Dons star signs pro deal

BY DAN PALMER
dan.palmer@mk-news.co.uk

BIG FUTURE: Dele Alli in action for Dons against Stevenage Picture: Andy Handley

**NEWLY signed-up Dons starlet Dele Alli has dreams of pulling on the famous shirt of Catalan giants Barcelona.**

The 17-year-old midfielder has penned a three-year professional deal at stadiummk and his coaches believe that the sky is the limit for the talented youngster.

Director of Youth Mike Dove admitted that the Nou Camp is Alli's dream destination, but for now there can be no better place for him than Dons, where he has developed into the fine prospect that he is under the tutelage of club staff.

"If it comes to a point where he does need to go to a bigger club, and I think Barcelona is where he wants to be, that would be fantastic," said Dove. "But I can't overstate how important him signing here is.

"To sign for three years is fantastic and it's really big for us to keep Dele.

"The good thing is that he can stay at this club so we can continue to work with him.

"We know him really well and we can continue to manage him, he's still going to be an apprentice next year even though he's signed as a pro.

"It's important that he stays grounded and is in and around his friends and family, and around people who know and care for him.

"He's still got to continue with his education and hopefully he'll push on and into the first team very quickly."

Seeing a player come through the ranks in such a fashion is always a proud moment for Dove, who has worked with Alli since U11 level.

"I was sat in the manager's office when he signed and he just couldn't stop smiling," he said. "When he first started I remember that he had something different about him.

"He loved having the ball and was great to watch – he always has been.

"This year's been a massive learning curve for him, but he's excelled in other areas and turned into a really good young man."

Alli was called up to the England U17 squad last summer and has featured regularly for the Three Lions since then.

Having impressed manager Karl Robinson through his exploits with the U18 team, Alli was called up to the first team in November and was handed his debut when he came off the bench as a 64th minute substitute in the 0-0 FA Cup draw against Cambridge City.

He then made an impact in the replay, blasting in a fine 30-yard strike in the 6-1 win, before being handed a surprise League One start against Coventry City in December.

In all he made seven appearances for Robinson's men but that number looks set to increase once the new season gets under way.

"One of my first passions when I became manager was to introduce youth and Milton Keynes-based players into the first team," said Robinson.

"Next season, nearly a third of our first team squad will be home-grown players.

"Dele will be one of them and we're very proud to say that he is one of our own. I believe this boy has got all the fundamental characteristics to be a top class footballer and therefore we will look to continue his development throughout the course of this new, and exciting, chapter in both his career and the club's future."

**• There's a chance to see some Dons stars of the future on Tuesday when the club's U15 side take on Chelsea at stadiummk.**

**Kick-off is 7pm in the third Academy Challenge Match of the season.**

CRICKET

# Fairbrother's magical figures as Milton Keynes cruise home

**A LOOK at the local cricket action from the weekend of May 18/19.**

**Northamptonshire Cricket League Premier**

STONY Stratford suffered a nightmare day as a devastating spell of bowling saw them slump to a nine wicket defeat against Oundle Town.

The top eight Stony batsman only managed to put 20 runs on the board as Oundle's Petrus Jeftha finished with figures of 7/41.

A knock of 18 from number nine Alex Strong and an unbeaten 17 from last man Muhammad Furqan were required to bring Stony's score up to 60 all out.

In response Andrew Ellemore chipped in with the wicket of Oundle's Harry Ramsden who he bowled for 14, but that was the only damage they could do as the target was reached after 13.4 overs. Stony have dropped to 10th in the table after the defeat.

**Cherwell League**

GREAT Brickhill picked up a win on the second week of the season as they cruised past Thame Town by 120 runs in Division One.

Doug Aris made 53 in Great Brickhill's first innings total of 215/6 and Thame were then skittled for just 95, Julian Blackwell taking 3/17.

Bletchley Town slipped to a 72 run defeat to Challow and Childrey who made 152/9 when batting first in the Division Two contest.

In response Bletchley collapsed to just 86 all out as Olly Dimbylow took 5/36.

Elsewhere in Division Two there was also no luck for Wolverton Town who went down by 37 runs to Cropredy.

Mohammed Shazad took 3/40 in Croperdy's 154 all out but Atif Akhlaq's 47 was not enough as Wolverton were bowled out for 117.

**Four Counties League**

JOE Fairbrother helped himself to almost unheard of figures of 8/9 as Milton Keynes CC thumped Cranfield University by ten wickets in Division One.

The magical haul came as Cranfield were dismissed for just 26 inside 13 overs at MK Village Pavilion.

He bowled four victims, trapped a further three LBW and also had one stumped by wicket keeper Nick Hillman.

MK smashed their way past the low target after just 4.2 overs.

Meanwhile, Newport Pagnell went down by eight wickets to Division One's early leaders North Crawley.

Steve Sharpe took 4/21 as Newport were bowled out for 81 and Glenn Young made 42 not out in North Crawley's successful chase.

New City MK enjoyed a hard earned two wicket victory over Eaton Bray, who they initially dismissed for 202.

Amit Trivedi led the chase with an unbeaten 77 and Ashish Ratia made 52 in the successful reply.

In the league's final game Olney Town had no answer to a majestic batting performance as they went down by a massive 168 runs against Thurleigh, who had Andy Milne to thank for an outstanding 166.

Milne scored 14 fours and 15 sixes in his gigantic knock which helped Thurleigh to 268/9, and Olney were bowled out for just 100 in reply.

Stuart Keeping did manage 39 but only one other batsman made it into double figures as Thurleigh easily made it over the line.

In Division Two, New Bradwell made 165 after batting first and eventually saw off Stoke Hammond by 94 runs.

Vinod Prakash took 4/10 as Stoke were all sent back to the pavilion for 71.

Old Bradwell slipped up against Buckland and Aston Clinton who were 47 run winners after reaching 199/5.

Graham Downard's 38 was the best for Old Bradwell as they were bowled out for 152 in their chase.

In Division Three, Shenley Church End went down by 66 runs to North Crawley's 2nd XI.

Shenley bowled out their opponents for 154, but they slumped to 88 all out in reply.

# Nash roars to debut win

BY DAN PALMER

TOP STEP: James Nash wins in Austria

**JAMES Nash enjoyed one of the biggest weekends of his career as he powered his way to his first World Touring Cars victory in Austria.**

The Newport Pagnell racer followed up a superb second place in race one with the win in race two at the Salzburgring on Sunday.

After starting on pole, the Bamboo Engineering man was passed by Norbert Michelisz but was able to re-take the lead while still on lap one before opening up a sizeable gap on the rest of the field.

In the end Michelisz dropped to third and Nash needed to hold off the challenge of championship leader Yvan Muller, who was approaching fast but eventually had to settle for second.

Nash drove his Chevrolet Cruze superbly and was full value for the win which has pushed him into third position in the overall standings.

He also maintained his lead in the Yokohama Trophy for independent drivers.

"The victory has finally come," said Nash.

"I had to work for it though, Michelisz didn't let me go and so it became a case of managing the gap and the tyres.

"Over the last few laps, with Yvan approaching pretty quickly, I started to lean on my tyres and made a few errors.

"I'm a bit disappointed with that, but we had a big enough gap and so we were able to keep it together.

"When Yvan passed Michelisz for the first time I looked at how many laps there were to go.

"I always have high expectations of myself and I know what the car is capable of.

"I'm not achieving the capabilities of the car and that's down to me and I really need to get to grips with it.

"This win today has given me the confidence to move forward and look at my ability and I know I can do it."

Nash has enjoyed his second season on the world stage after turning out for Team Aon during his debut campaign last year.

The Cruze packs a more powerful punch than the Ford Focus he drove for Aon, allowing him to compete at the top of the tree and culminating in his Austria victory.

He is 90 points behind Muller in the standings, but is just ten points behind second placed Gabriele Tarquini.

In the Yokohama table he leads Dane Michel Nykjær, who pipped him to victory in race one.

Nash's win was also the first for Bamboo, who are second in the Yokohama Teams' Trophy behind leaders RMI.

"We've approached this weekend completely differently," said Nash.

"Winning a race at this level is such an exhilarating feeling and one I could get very used to."

Bamboo's Chief Executive Richard Coleman was naturally delighted after the weekend.

"Claiming Bamboo's maiden WTCC win is a great feeling," he said.

"I knew this year was going to be strong and I feel this win is testament to all the hard work the team have put in."

The season continues at the Moscow Raceway on June 8, with the Race of Russia.

# Champ wears MK vest

**OLYMPIC long jump champion Greg Rutherford faced his biggest competition of the season so far on Saturday – and he competed wearing the orange and black colours of Milton Keynes Athletic Club.**

**The city's golden boy decided to pay tribute to the club which launched his career as a boy in Shanghai and explained that other supporters had backed out following London 2012.**

**"The club have shown more support for me than almost every other sponsor," he said.**

**"Most walked away post games, but they stood behind me. So I wore the MK vest."**

**Rutherford had to settle for third place out of a prestigious field at the Diamond League meeting.**

**The 26-year-old registered 8.08m on his third approach to the sandpit and was beaten by Russian Aleksandr Menkov who managed 8.31m and winner Jinzhe Li who lept 8.34m for home nation China.**

**The event was the biggest London 2012 gold medallist Rutherford has competed in since he returned to action for the new season, ahead of the World Championships in Moscow this summer.**

**He did hold off the challenges of Panama's 2008 Olympic champion Irving Saladino who was eighth with 7.72m and fellow Brit Chris Tomlinson who was ninth with 7.66m.**

**Dwight Phillips, the Olympic champion in 2004 and a four time champion of the world, was tenth with 7.62m as he began his comeback from a lengthy injury lay-off of nearly two years.**

**"It wasn't a fantastic performance," said Rutherford, who believes that he has some gargantuan leaps in his locker ahead of Moscow.**

**He is hoping to surpass the 8.31m which won him gold in London and the British record of 8.35m which he shares with Tomlinson as he aims to add the world crown to the Olympic title.**

## ATHLETICS

MILTON Keynes Athletic Club's Craig Pickering returned to the track with a fourth placed finish in the 100m at the Loughborough International.

The sprinter, who won a bronze medal at the World Championships in 2007 as part of the Great Britain 4x100m relay team, has recently been drafted into the country's bobsleigh set-up ahead of the Winter Olympics in Sochi next year, but he insisted that his track days were not at an end.

Pickering ran a time of 10.40s and at the same event fellow club member Freddie Curtis threw 61.84m in the javelin.

Meanwhile, club sprinter Joey Duck opened her season at the Newport Open by winning both the 100m and 400m in times of 11.91s and 55.40s respectively.

It was a tough match for the club in the second Southern Athletic League meeting, with MK finishing second behind Radley, and it was also tough for the team competing in the Southern Men's League, who finished sixth overall in Gillingham while still finding their feet during their first year in Division One. At the Woodford Green Combined Events Devon Byrne picked up a personal best in the heptathlon, scoring 4595 points.

On the university scene, Beth Swords finished fourth for Cambridge in their varsity match, finishing her 5000m in 18m 11.73s.

# Speculation continues over Robinson's future

BY DAN PALMER
dan.palmer@mk-news.co.uk

**KARL Robinson remains in the frame for the vacant Sheffield United job despite the Blades making their move for Motherwell boss Stuart McCall.**

Speculation was rife last week about Dons manager Robinson making the switch to the club's League One rivals, with the odds of him landing the role tumbling to as short as 1/2 at one stage.

The bookies have since clawed these odds back after United's approach for McCall was confirmed by Scottish Premier League outfit Motherwell yesterday.

However, Robinson is now very much in the thinking of the Bramall Lane club with the boss reportedly due to discuss his future in Milton Keynes with agent Rob Segal this week.

That action alone suggests that Robinson has given serious consideration to the latest in a long line of clubs to be linked with his services, although no news about an official approach to stadiumk has yet been revealed.

Robinson is currently tied down by a three and a half year rolling contract at Dons which would cause complications for any club wishing to lure him away.

He turned down the advances of Championship side Blackpool in January and when later asked about his long term future said: "It's very difficult to break [my contract].

"It's not like my contract is up and I'm then walking away on a free transfer."

Former United midfielder McCall led Motherwell to second in the SPL this season.

## Doumbe heads to the exits at Dons

**DONS have told defender Mathias Kouo-Doumbe that he has no future in Milton Keynes and will allow him to become a free agent.**

**The Frenchman is now free to look for other clubs and will be released when his current deal expires in the summer.**

**"Mathias has been an excellent servant to this football club and has proven to be a tremendous professional," Dons manager Karl Robinson said.**

**"He is a strong character who has played a large part in our recent history and it was a hard decision to release him this year.**

**"However, with the Financial Fair Play regulations becoming even stricter this season we have to be prudent with our recruitment policy and along the way we will have to make tough decisions.**

**"I would like to thank Mathias for all of his work and dedication to the club over the past few years and wish him the best of luck in the future.**

**"He is someone I class as a friend of mine and he will always be a friend of the football club."**

**Doumbe joined the club in August 2009 from Plymouth Argyle and made 141 appearances, scoring 11 times.**

**Meanwhile, the club have also triggered the one year options on the contracts of defenders Jon Otsemobor and Gary MacKenzie.**

**Scot MacKenzie made a surprise loan switch to Championship side Blackpool last season and has been heavily linked with making a permanent move away from the club.**

**Now though, any suitors will have to pay a fee for his services as along with Otsemobor, he is contracted to June 2014.**

**Full-back Adam Chicksen, skipper Dean Lewington and keeper Ian McLoughlin continue to mull over new contract offers.**

**Chicksen's offer has been known to be on the table for two months, while the club will also be keen to tie down their captain and Irishman McLoughlin. The latter is wanted to battle for a first team spot in goal with number one stopper David Martin.**
